FOR DONORS

FOR BALTIMORE

FOR YOU

Whatever the focus of your philanthropy might be, BCF offers a wide choice of charitable tools to meet and even surpass your objectives. A **donor-advised fund** is a cost-effective alternative to a private foundation, and offers individuals and families a flexible means for giving in Baltimore and beyond. A **permanent endowment** can be structured to provide a lasting source of income for a designated cause or organization. A general gift to BCF can help underwrite specific initiatives as well as our ongoing efforts to promote and expand philanthropy in the Baltimore area.

CREATES A COMMUNITY

Through informational meetings and site visits, BCF invites you to **expand your understanding** of the most pressing issues facing our region today. As a BCF donor, you join a community of concerned citizens who are actively working together to bring out the best in Baltimore.

Every picture opens our eyes to a new world. In much the same way, the Baltimore Community Foundation frames the challenges and opportunities of charitable giving throughout the Baltimore region.

THE ART OF GIVING

Our mission is to provide a link between those who wish to make a philanthropic investment through lifetime or legacy giving, and those who will benefit most from those gifts, today and tomorrow.
